Classroom:	ECON 117
Final exam:	Wednesday, December 17 from 7:30 10:00 pm.
Required Text:	

Blanchard and Johnson, , 6th edition, Pearson Publisher.

Lectures:

Attendance for the first three classes is mandatory or you may be administratively dropped from the class. I will be taking attendance these days. While attendance will not be taken for the other days, it is strongly suggested that you attend all classes since the course material is difficult. You are responsible for all information covered in class lectures. If you miss a class, you should be able to get notes from one of your classmates.

Grading:

Your grade will consist of two midterm exams, a cumulative final exam, and homework assignments. Each portion of your grade will be weighted as follows:

Midterm 1:	25%
Midterm 2:	25%
Final Exam:	35%
Homework Assignments:	15%

Exams:

I will not give any make up exams and will not give exams early. The only exception is for student athletes with scheduled events on the date of the exams. I require a signed letter from your coach or the athletics department. To reiterate, there will be no make up exams, please do not ask. If you are planning on leaving town, do not schedule your trip on an exam date. The final exam is cumulative this means you will be tested on the material from the entire semester. The dates for both midterms are to be determined as the class progresses.

Problem Sets:

Problem sets constitute 15% of your course grade. The problem sets must be handed in at the beginning of class on the day they are due. I will announce in class when problem sets are posted. You may miss one assignment, as your lowest problem set grade will be dropped.

Late assignments and associated penalties:

One day late 20% deduction

Two days late

Three days late and more
