ENVIRONMENTAL ECONOMICS --EC3545-001  
(for non-economics majors)

Phil Graves  
Fall 2013, HLMS 199

in greater student interest and involvement than might be the case for many of the other field economics. The weakness, however, is that the emotionally charged nature of the topic tends to lead to fuzzy thinking-indeed, there is ample evidence that this problem is not unique to the academic setting; many of the worst examples of government spending and legislation have stemmed from perceptions of a

the new student honor code, plagiarism, classroom behavior policies, and the like) can be viewed at:
