

3818-200 – Introduction to Statistics
Summer 2017
Syllabus/Course Information

Lecture: MTWRF 9:15-10:50
Instructor

course prerequisites, please send me an email indicating that you indeed met them if you haven't already.

IV. Text

Caniglia, Statistics for Economists, An Intuitive Approach. HarperCollins Publisher, 1991. This text has only one edition so any copy is equivalent. It's the text used in stats classes here for the last several years so it shouldn't be hard to obtain for cheaper than the bookstore price.

VII. Some Helpful Tips As Someone Who Has Struggled With Statistics Myself

There's no way around it, statistics can be very difficult. I helped my mom through her calculus courses when I was 11 years old and it took me a long time to understand statistics. I've come to realize this was
