

**ECON**

### **Course Expectation**

You are expected to attend class regularly and refrain from using your phone or laptop during class. I will post lecture notes at the end of each week, but you can expect to benefit from attending lecture. I expect that we use the class time to collaboratively work on problems, and that you actively participate.

### **Homework**

You will submit a homework assignment each at the beginning of the last class period prior to an exam. I will not accept late submissions, as I may go over the solutions during class and will post solutions to aid preparation for the exam. If you cannot attend class, feel free to email me an electronic (scanned) version by 9am. You may collaborate with your peers but you have to hand in your own work.

### **Exams**

Three Midterm Exams will be given during lecture on the 9mBT/Fidterm T/Fid exam

### **Accommodation for Disabilities**

If you qualify for accommodations because of a disability, please submit your accommodation letter from Disability Services to your faculty member in a timely manner so that your needs can be addressed. Disability Services determines accommodations based on documented disabilities in the academic environment. Information on requesting accommodations is located on the [Disability Services website](#)[Links to an external site.](#). Contact Disability Services at 303-492-8671 or [dsinfo@colorado.edu](mailto:dsinfo@colorado.edu) for further assistance. If you have a temporary medical condition, see [Temporary Medical Conditions](#) on the Disability Services website.

### **Preferred Student Names and Pronouns**

CU Boulder recognizes that students' legal information doesn't always align with how they identify. Students may update their preferred names and pronouns via the student portal; those preferred names and pronouns are listed on instructors' class rosters. In the absence of such updates, the name that appears on the class roster is the student's legal name.
